### **DETAILED ACTION**

**Claims 1-15 and 23-26** are pending in this Application. Applicant canceled **Claims 16-22** via Preliminary Amendment, filed April 19, 2006.

#### ***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on July 17, 2006 was correctly filed. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the IDS was considered by the Examiner. Please refer to Applicant's copy of PTO-1449, submitted herewith.

#### ***Claim Rejections, 35 U.S.C. 102(e)***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Art Unit: 1626

**Claims 1-7, 15, and 23** are rejected under 35 U.S.C. 102(e) as being anticipated by WIPO Publication WO 2004/076457 A1, published September 10, 2004. The '457 publication discloses a process for the synthesis of diketopyrrolopyrrole pigments encompassed by the formula disclosed in Applicant's **Claim 1**. Examples are given in which the diketopyrrolopyrrole pigments are used in plastics and coatings.

### ***Objections***

**Claims 2-8, 14, 15, 23, 25, and 26** are objected to for being dependent upon a rejected base claim.

### ***Allowable Subject Matter***

**Claims 9-13 and 24** are drawn to allowable subject matter and in condition for allowance.
